# Parental Locks on Youtube

Computer

1. Scroll to the bottom of any YouTube page and click the drop-down menu in the "Restricted Mode" section.
2. Select the On or Off option to enable or disable this feature.

Lock Restricted Mode:

If you would like Restricted Mode to stay enabled for anyone using this browser, you must lock Restricted Mode.

1. Sign in to your YouTube account.
2. Scroll to the bottom of any YouTube page and click the drop-down menu in the "Restricted Mode" section.
3. Click "Lock Restricted Mode on this browser".
4. Enter your password again to lock Restricted Mode on this browser.
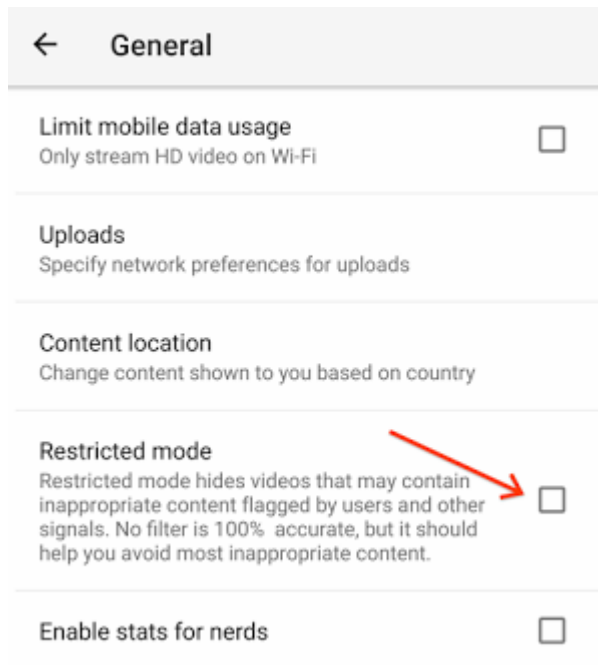

Turn Restricted Mode off:

1. Scroll to the bottom of any YouTube page and click "Restricted Mode: On".
2. Then click the "off" option.
3. If you've locked Restricted Mode, you'll be prompted to log in and enter your username and password to confirm that you'd like to turn off Restricted Mode.
4. Once you've successfully logged in, scroll to the bottom of the page to turn Restricted Mode off.

Stuck in Restricted Mode even after attempting to disable?

If you've entered your username and password and Restricted Mode remains enabled, then you may wish to contact your system administrator for additional assistance.

Android

1. Touch ⋮ **Menu** > **Settings** > **General**
2. Under **Restricted mode**, tick the box to enable this feature.

iOS

1. Touch ⋮ **Menu** > **Settings**
2. Select "Restricted Mode Filtering".
3. You can choose between strict or no filtering.
