

Aiming High and  
Achieving Our Best

# Waterfield Primary

## September Pick Up & Drop Off Instructions

Please remember this is a draft and will be reviewed and evaluated over the first few weeks of term.

# Drop Off & Pick Up Procedures

Parents/Carers Must:

- ✓ Be prompt for drop off and pick up – in order to maintain a quick, safe and seamless pick up we ask that you are on time. Any late admittance should report to the Office.
- ✓ **NO PARKING or QUEUING on HAWKESMOOR ROAD – PLEASE help the school maintain good local relations by parking at the front of school and walking to your allocated gate. Please follow the Queuing LANES provided.**
- ✓ Drop off and Pick Up will be Socially distant – Adults will **NOT** be permitted onto the school site unless at a collection point. If you wish to converse personally with the Class Teacher please call the office and arrange a telephone appointment.
- ✓ If you have multiple children to drop off/pick up start with the earliest and work your way round to the various pick up points. Please arrive 5 minutes early for your first pick up so we can place these children towards the front of the pick up line.
- ✓ Breakfast Club Drop Off and Energy Kidz pick Up will be from the HALL DOORS.

# Some reminders from our FAQs

- ✓ To speed up drop off and pick up, in addition to helping to reduce the spread of COVID-19 please note the following:
- ✓ **Children should not bring rucksacks bags – simply bring a lunchbox (if required) and your school bookbag/small carrier bag for any book & Water Bottle.**
- ✓ **Children should not bring pencil cases to school**
- ✓ ON PE DAYS wear PE Kit
- ✓ If your child is attending a club (which will not be starting immediately in September) they can bring any KIT required in a carrier bag (as this can easily be changed regularly and will fit in lockers etc).

The above should reduce the need for adults to assist children in putting things away in the morning – ideally children will simply stow their lunchbox in their locker or in the designated area in the classroom and hang up their coat.

Mobile phones for Year 6 will be held by the class teacher in individual plastic zip bags, named.
